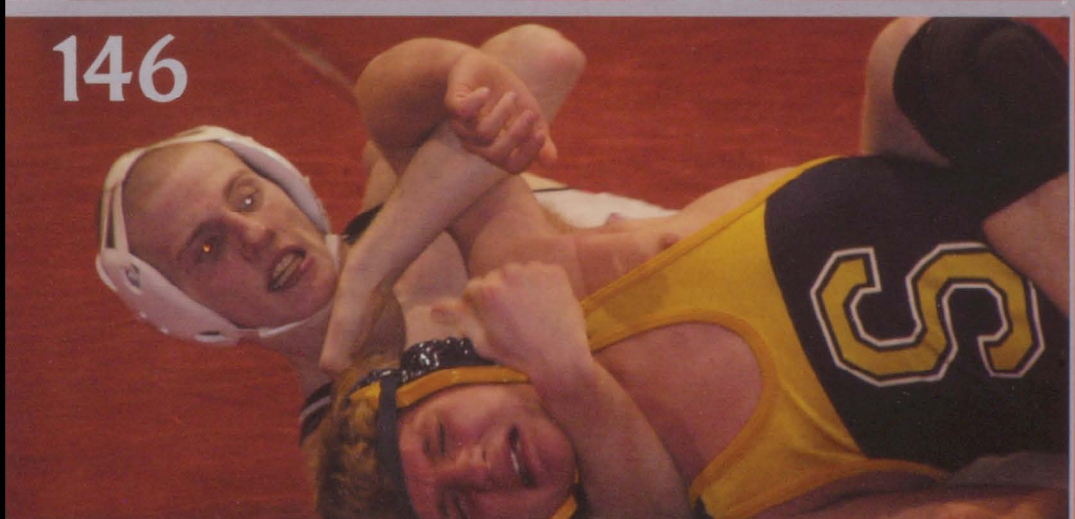
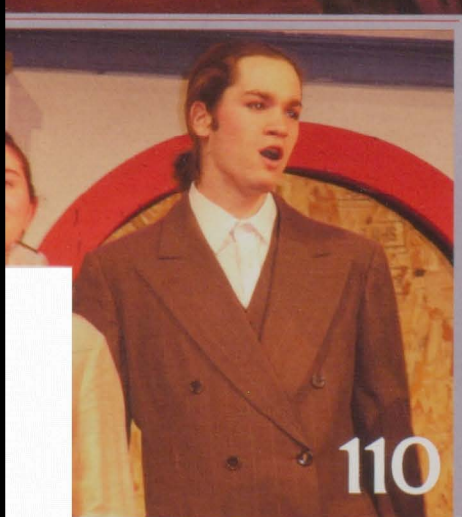
THE SHIELD

IN-VOLVED





North Scott, both as a school district and as a community, is based on Involvement. Somehow, everyone in the North Scott region is committed to this institution. We work hard to make it to state for basketball or wrestling. We spend countless hours researching and thinking of a better way to present a story for the Lance. We also contribute six weeks to the Student Hunger Drive. Others will be determined to become a gallon graduate while others spend a few months devoting all of their after-school time and weekends rehearsing a play for one week of shows. North Scott would not be the same without the active student body or staff it has. If we did not work so hard, endeavoring to portray the Lancer Spirit with the never-ending work and effort that has always been put forth, then we could not be called "the Lancers." This year, our school has made us closer then ever before- the Pit drew the fans in, and the school drew the community in. We become so easily involved that now it doesn't effect us and have never taken anything for granted. While North Scott High is just a school, the Pit, the Lancers, and the activities during your high school years make memories that will last forever. Our entire student body was involved some way- it was their choice as to how they joined us.

AFTER GRADUATION WE WILL MOVE ON FROM BEING HIGH SCHOOL SENIORS AND HEAD OFF TO COLLEGE AS FRESHMEN. BY LEAVING NORTH SCOTT WE WILL START THE NEW CHAPTER IN OUR LIVES AND BEGIN OUR FUTURE. AFTER FOUR YEARS WITH THE SAME PEOPLE I CAN HARDLY BELIEVE ANYONE WOULD WANT TO FORGET THEIR TIME SPENT HERE. AT THE REUNIONS I HOPE EVERYONE WILL IMMEDIATELY REMEMBER A FACE AND STRIKE UP A CONVERSATION ABOUT THE OLD TIMES. NO MATTER HOW FAR YOU WILL GO, NO MATTER WHAT YOU WILL DO, NORTH SCOTT WILL ALWAYS BE THE HOME TO THE SENIORS OF 2006. SO MUCH TIME WAS SPENT WITHIN THESE WALLS: IN THE PIT, THE COMMONS, AND THE CLASSROOMS; WE BECOME A PART OF THE SCHOOL AFTER WE ARE GONE. WE ARE THE 2006 SENIORS OF NORTH SCOTT, I HOPE EVERYONE GOES ON AND DOES GREAT THINGS WITH THEIR TALENTS AND HAVE A GREAT LIFE.

-JESSICA ZEIMET

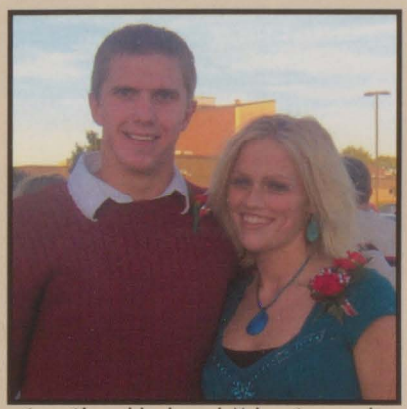
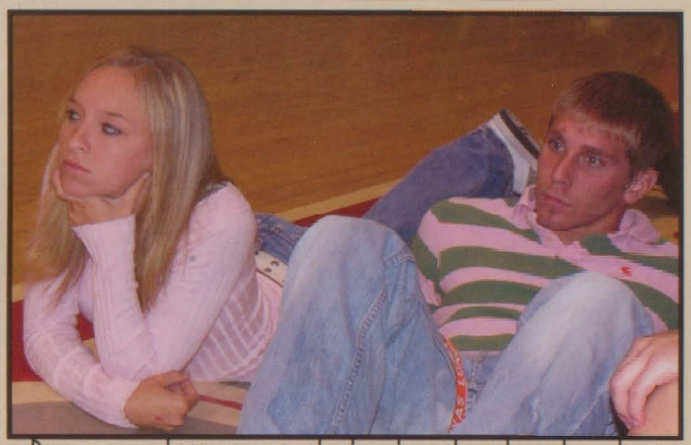
Before the big homecoming night, Nikki Dodds, Samantha Buck, Kenzie Murphy, Maria Geary and Devin Welch show off.



Cait Schneckloth and Mike Sosnowski take some time before the crowing ceremony.

With only a few minutes to go Kyle Charles and Chris Bradley wait for final victory.



Paying special attention to the bands at the talent show, Jamie Meyer and Colin Suiter watch intently as the acts change.

SPIRITED

IN-PLACE

Juniors

Half of our high school years are already over! It's time to start thinking seriously about things like college, ACT's and SAT's, classes for next year, or just the future in general. People say junior year is one of the hardest, and many juniors are finding that it's true. Leadership positions in clubs, academics, sports, performing arts, and many other things are keeping everyone busy. Several juniors have started working after school, and everyone knows how hard it is to keep up with the massive amount of homework. Although school may be hard to keep up with, we still find time to have some fun. Extracurricular activities give us something to look forward to. The plays, concerts, and games are the highlights of the week. Everybody's working hard for the weekend. Eventually all of our hard work will pay off, and next year we'll finally be seniors!

WALK IN THE DOOR, SHUFFLE TO YOUR DESK WHILE SMOTHERING A YAWN AND PLOP DOWN LIKE A THREELEGGED DOG. IF YOU'RE LUCKY, YOU GET TO POKE THE SNORING PERSON NEXT TO YOU. NO, IT'S NOT PRISON, OR EVEN DETENTION, IT'S SOPHOMORE YEAR! GET UP EARLY FOR WEIGHT TRAINING, SLEEP THROUGH CLASSES, AND THEN STAY UP PAST MIDNIGHT DOING HOMEWORK? WISHING NOW YOU WOULD HAVE PAID ATTENTION IN CLASS. YES, THERE MIGHT BE AN INSURMOUNTABLE AMOUNT OF HOMEWORK, BUT THERE ARE ACTIVITIES! ATTENDING SPORTING EVENTS TO CHEER ON THE LANCERS TOWARDS VICTORY, WATCHING THE TALENT SHOW OR PARTICIPATING IN SCHOOL LED FUNCTIONS. HOWEVER OUR SOPHOMORE YEAR HAS ALSO BEEN STRUCK WITH TRAGEDY. WE LOST ONE OF OUR OWN, BLAKE SIEVERS, IN A FARMING ACCIDENT AND CAME CLOSE TO LOSING ANOTHER, HEATHER WULBURS, AS A PEDESTRIAN IN AN INCIDENT ON SCHOOL GROUNDS. WE ARE NO LONGER THE NEW KIDS HERE, BUT WE STILL HAVE ONE MORE YEAR UNTIL WE ARE CONSIDERED LONG-TERM RESIDENTS. KEEP IT UP SOPHOMORES, THE YEARS PASS ALL TOO QUICKLY.

Freshmen

Freshmen are the bottom of the food chain. Being a freshman means being looked down upon by upperclassmen. But whether or not we admit it, we will someday be those upperclassmen giving the future frehmen the hard time. However being in ninth grade is not all bad. We have finally reached high school, which gives us many opportunities and extracurricular activities and are capable of choosing what classes we wish to take. As freshmen we are now able to excel in whatever it is we are good at. Just because we are freshmen doesn't mean we can't be a varsity athlete, or the lead in the play, or 1st chair in band. Becoming freshmen allows us to open up an exciting world of adventures, freedoms and opportunities.

INSTRUCT

Informative Faculty

Certainly, all of us owe much to each other, but above all else, we must always remember to pay forward the kindness we receive. I have dedicated my career to repaying my blessings by doing everything I can to help prepare my students and athletes to handle the challenges and vigurs of the adult world; this is why i chose to become an educator and coach. The greatest teachers I ever had pushed me to stretch myself academically and to care about learning, even though I didn't always want to. They ignored my griping; rewarded my small successes and forgave my occasional steps backward. They saw within me, long before I could see it myself. My coaches would never allow me to slack off without calling me on it- everytime. Their diligence and faith, that I always had more to give, taught me personal pride- something I had little of as a youngster. And my mentors, those adult figures who helped raise me when not in the classroom or the practice field, made sure that I learned how to function with class, dignity, and productivity in society-or else!

ACADEMICS

Knowledgeable

INput

North Scott students have been asked to step it up since the past school year with the requirement of a full schedule for the entire student body. Also, more opportunities are offered here with advanced and honors programs. This year it is easier for students to take college classes at Scott Community college or here at the high school. Involvement through students studies have increased a great deal for this year. The administration used INput from the students to make classes exciting and interesting.

Maybe you have wondered about a group of students that you might not know very well. There is a group of students in room D5 that are not that different from all the other high school students at North Scott High School. These students are learning about math like everyone else, they are learning about reading like everyone else, and they are even learning to cook. (Maybe you have wandered down by the science room and noticed something smelling good?!) These students are pretty much like everyone else. Please feel free to speak to them when you see them or to sit by them at lunch. Just because they are mentally challenged individuals is no reason to not become acquainted with them or even to become friends with them. You would never have to worry about one of the MD kids calling you names or being mean to you in any way. They certainly would not bully you! Stop by any time and say hi. Maybe they will be cooking something they can share!

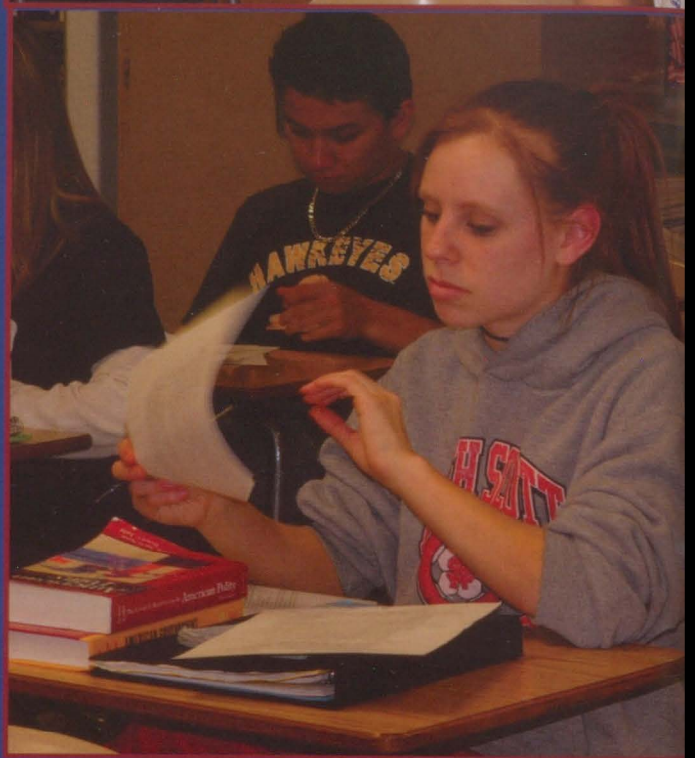
Sincerely,
Laura Vyncke
MD teacher, D5

Advanced Classes

Honors, Advanced placement, Independent, and College Classes

The Advanced Decision

"North Scott High School has a responsibility to provide educational opportunities for each student. The high school recognizes that learning takes place at different rates and believes that educational programming should be designed to accommodate these individual differences." North Scott's educational philosophy. A.P. courses are not a wave of the future, nor it is a exactly old hat for the school district. The past few years our teachers have been integrating more challenging courses to put some of our more accelerated students to their limits.



Top Right: While correcting their homework, Caitlin Watkins, Stephanie Petty, and Derek Storjohann begin understanding the assignment.

Above: With her eyes focused on her teacher, Rachel Sarafin keeps her head up even though exhausted.

Right: In search of her homework Jami McCubbin stays on top of her A.P Government Class.

Not all Advanced Courses stick to the classroom as proven by Mike Willis who takes some time in the computer lab during his A.P English Literature class.

Left: Taking some quick notes in class, Jessica Zeimet has the upper hand for her next test. Bottom Right: Researching for his newest project Kris Proctor doesn't even have time to pose for the camera.

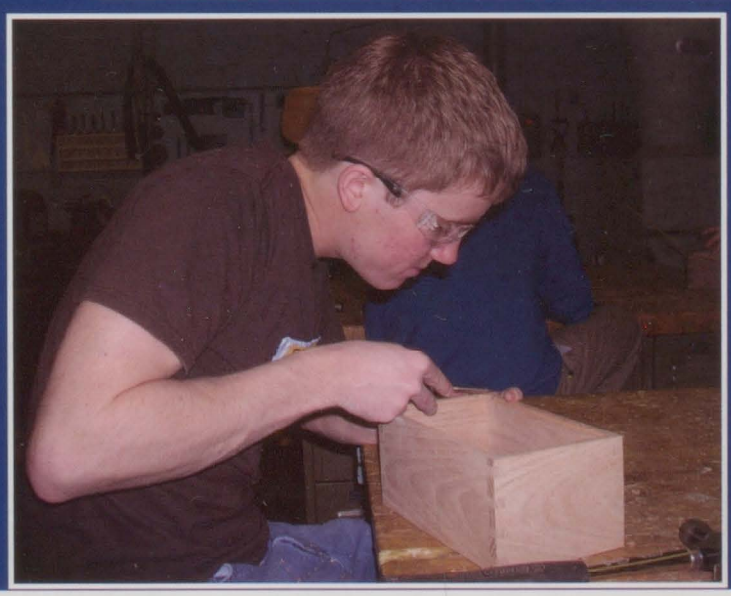
Focusing on the final product, Ben Sarver mixes the necessary ingredients to bake his special cake.



With his eyes glued to his newest project, Brad Meyer keeps a steady hand while making sure his box is the best.

Hands On Experience:

Shop, Cooking, and Art

North Scott offers many opportunities to take classes that require a lot of hands on work, including Shop/Auto Maintenance and Auto Mechanics; Cooking such as Advance Foods, Intro to Foods, Cultural Cuisine; and a wide variety of art classes: photography, ceramics, commercial art, painting, drawing. Being involved through school in these activities help later on in life when rotating your tires, making dinner or even taking a photograph for an important event become routine. Without these courses school would not be as rounded or fun for the students.

Overseeing the class, Mr. Shawley awaits for students that need help.

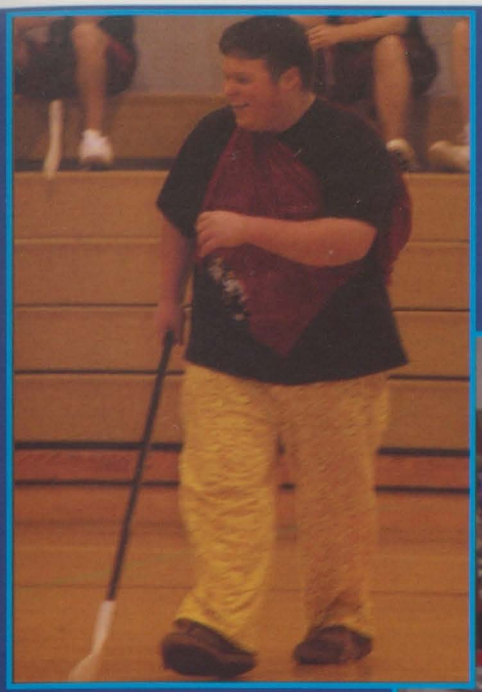
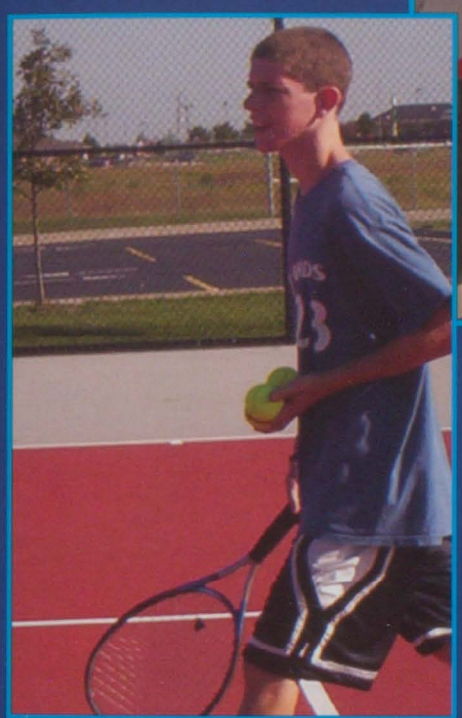
Today in America, eating and television seem to be the two favorite pasttimes of a teenager. In fact, 52% of kids ages 5 to 17 have a television in their rooms, and have it on an average of 7 hours and 12 minutes daily. Here at North Scott, there are several classes available to help students stay fit and learn about healthy exercising and eating habits, such as gym, strength training, health I, and health II. Health I and Health II help to teach students about the importance of taking care of themselves, as well as keeping fit and healthy. In gym class, students participate in activities that they will be able to do for the rest of their lives. Gym is designed to keep kids active while having fun and being competitive at the same time, whereas strength training is designed to keep students in shape and conditioned for their athletic activities. Senior Andrew Meyer enjoys strength training for football and wrestling because "it makes you big and buff."



While concentrating on getting the puck, Blake Irons goes to for the goal in gym class.

Victory is captured from Jill Munson as she lifts the bar up and to raise it back down.



Dressed up for a match, Cody Caves grabs a racket to face the rest of his gym class outside at the tennis courts.

What keeps you fit and healthy?

Pillow Talk

After a long night, the techies take a break and mess around in the shop.

Dan Schaub and Susan Pethoud acting their part to perfection in the play pillow talk.

With eyes focused on the near and coming pillow talk, the cast redies itself for a great play.

FAVORITE LINES

"But that like sending a marshmallow to put out a fire."
Susan Pethoud (Jan).

"A moose?"
Cory Hankermeier (Detective Graham).

"Your damn right i'm right!"
Ben Lewis (Jonathan).

"Like a pot belly stove on a frosty morning."
Jordan Haugland (Tony).

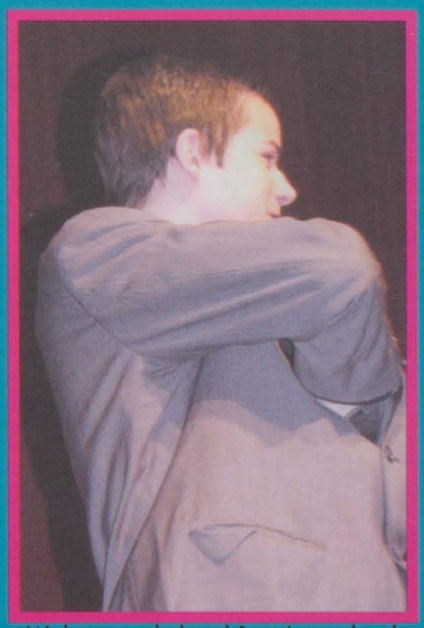
"You mean "Your my inspiration Alma?""
Sean Flack (Extra).

"The nun didn't do it!"
Amy Maxwell (Extra).

"Bradley Honey!"
Ashley Overman (Marie).

"It's perfectly healthy, he hates her just as much as i do!"
Andrew Benson (Extra).

On their way to the top they stop to pose for a photo. (from bottom left) Stephany Crump, Amber Sarns, Angela Wiebel, Corbin Callison, Marcie Vanee, Sean Flack, and Kayla Pulz.



With a steady hand Ben Lewis leads the play with his unmatched acting.

With a smile Some of the cast members take a break to get a quick snap shot. (starting bottom left) Hanna Rochau, Susan Pethoud, Dan Schaub, Ben Lewis, (second row) Brianna Semran, Jordan Haugland, Cory Henkemier, Ashley Overman, (third row) Stephaney Crump, Amber Sarns , Jennifer Nefzger, Jessie Carpenter, Corbin Callison.

PILLOW TALK

The cast and crew supported Dan Schaub and Susan Pethoud in the great performance, Pillow Talk. The play was a brilant display of the North Scott Lancer productions abilities to put on a great show. The play was extremely well acted, even with the large set, and even bigger cast and crew. The crew helped the actors preform to their best abilities. The actors were brilliant and the set was outstanding. The Comedic play was a huge success. It allowed the audience to laugh and have a good time. Dan fell gracefully into the role of Brad Allen (aka Rex Stetson) with out any problems he held the role in the palm of his hand. Dan moved from the role of Brad Allen to the role of Rex stetson with out any problems. Susan captured the heart of Rex Stetson in the breath taking part of Jan Morrow. Jan knew nothing about how Rex was really her annoying neighbor on the party line they shared togother. Ben took the role of Jonathan Forbes to the next level with his ranting and raving. Jonathan was overly attracted to Jan until he found out that Brad was steeling her away. His attention then went to breaking them apart so he could focus all of his attention on Jan.

- Ty Kuhl

In the midst of the great acting Brianna Serman puts her best foot forward.

The cast takes five and has a little fun. (from front left) Kayla Pulz, Katie Pearce, Sara Bryant, Mally Garelz, Amy Maxwell, Mike Willis, (back row) Angela Wiebel, Andrew Benson, Sean Flack, Kaleigh Wall, Britny Hndrix, Hollie Butcher, Alicia Hendrix.

Anything Goes

A boat sinking, two lovers separated and Celine Dion sings the soundtrack. Oh wait, this is another story that takes place on a boat, as well. For Lancer Productions winter musical, they put on the Cole Porter show, "Anything Goes."

"Anything Goes" takes place on a cruise ship where the main character, Billy Crocket (Jordan Haugland) is trying to win the love of Hope Harcourt (Jeanine Link). Wanting to board the ship is public enemy number 13, Moonface Martin, and his girlfriend, Bonnie, played by Cory Hankemeier and Susan Pethoud. Also making an appearance on the ship is Reno Sweeny (Addie Campbell) and her four angels (Rachel Sarafin, Jessie Carpenter, Kaity Moss and Jenni Nefzger).

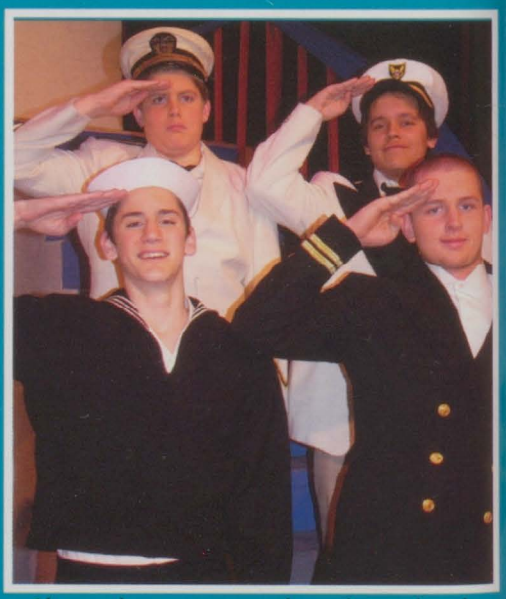
All of the passengers on the ship are honored when they think they're sailing with Public Enemy Number 1, who in all actuality, is Billy, just trying to get a free ticket on the ship. The hilarity ensues when things start going wrong, identities are found out and an exciting game of strip poker is played. The rest of the passengers on the ship are just having fun while Billy, Hope, Reno and an English gentleman with a "secret," named Sir Evelyn Oakleigh (Andrew Benson) all try to balance their love lives.

Not only is this the first musical for director Joanie De mmer-Freeman, but the show is also under the leadership of a new choreographer by the name of Ms. Connie Bracy. Although both are new to Lancer Productions, they're not strangers to the North Scott stage.

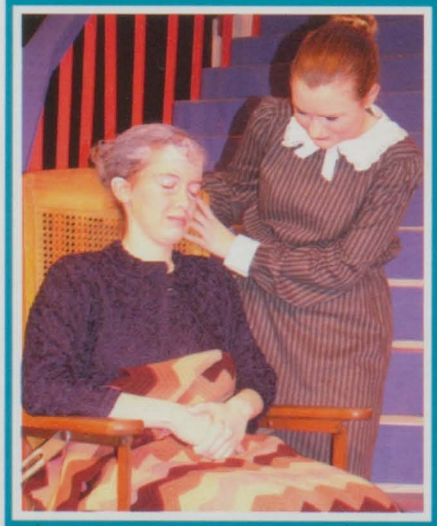
"Anything Goes" is a traditional 50s musical with standard jazzy tunes and upbeat attitude. While some songs are slow, such as "All Through the Night" and "Let's Misbehave," songs will have the audience standing up out of their seats and dancing, such as "Blow Gabriel Blow" and the title song "Anything Goes."

"Anything Goes" has a balance of veteran stage performers and newcomers, which will make for an enjoyable experience for everyone in the audience.
-Sean Flack

Making a plan Cory Hankermeier, Addie Campbell, and Jordan Haugland break in a huddle.



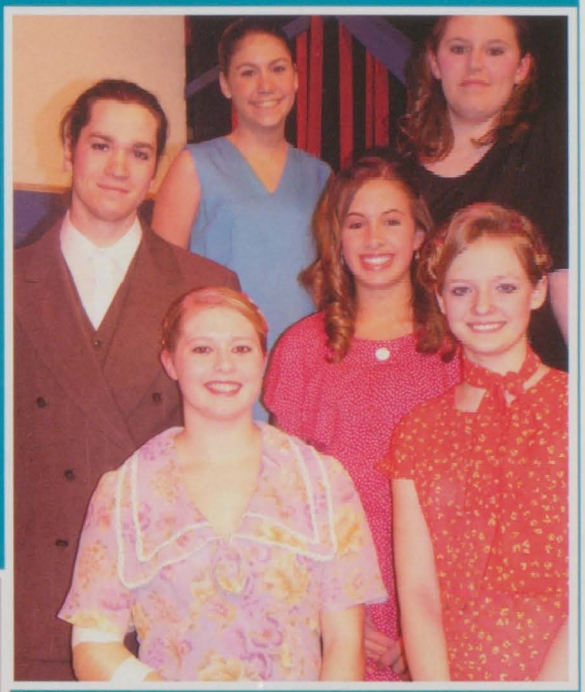
Saluting the passengers, the sailors onbord Jordan Porter, Sean Flack, Tony Percuoco, DJ Laughlin smile on the ship.



Attending to her sick patient Alexa Coobs leans over Sarah Bryant.

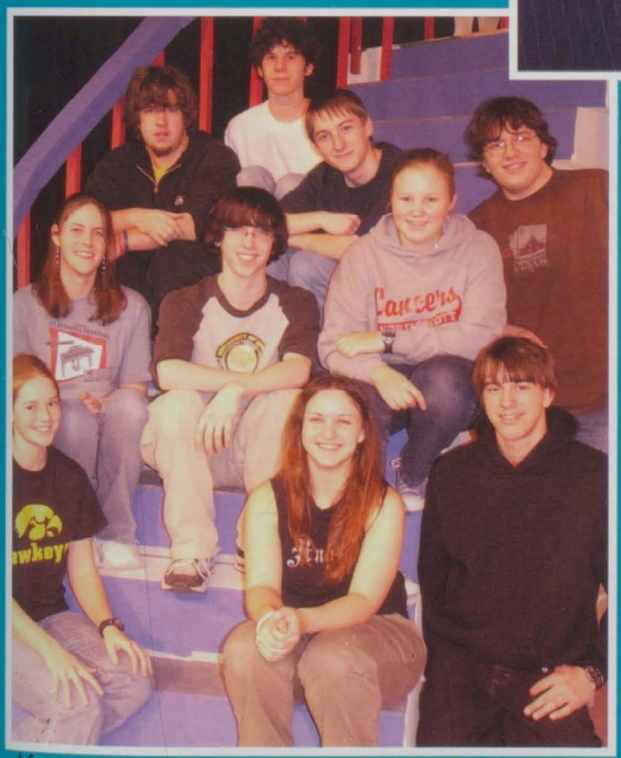
Gazing out into the sea the female passengers Krista Hemphill, Brittany Hendrix, Stephanie Crump, Kat Claussen, Kathy Mixdorf and Cory Pearce await their destination.

Making conversation with fellow passengers Hannah Rockau flirts with Dan Schaub, while Mike Wills and Jim Kinney discuss the weather.



Above: Psyched for the boat ride March Henri-Renard, Kaleigh Wall, Molly Butcher, Angela Wiebel, Shari Huber, and Brianna Nielsen wait the departure.

Left: Sweeping Jeanine Link off of her feet, Jordan Haugland gazes into her eyes.



After setting up the stage, the techies led by Katy Pearce, take a breather. Beau Blake, Pat Miller, Josh Tipsword, Nick Bennet, Laura Blanche, Walter Goodnight, Amy Maxwell, Shalee Anderson, and Dan Doeding.

Being the awesome pit band they are, Allison Gehrls, Meredith Abbott, Drew Thompson, Kerri Esbaum, Adam Schroeder, Nick Hennigan, Tyler Russell, Zan Preston, Jenny Flater, Melanie Drenter, Sarah Longner, and Alex Pehler impress the audiences by their amazing instrument talent.

OUTstanding advisor

Our advisor Deron Shawley has allways been there for all of his students and more so for those students that have a place in their heart and mind for the amazing Agriculture program and FFA chapter. He has allowed some of us to travel with him, enabling us to view other places and most importantly to meet new people. He has helped the chapter turn around completely and also has taken the program from a dull, dying chapter to a flourshing chapter that has changed lives and allowed students to learn about their surrounding community and peope that help keep the community alive and striving. Shawley has allowed his students to follow their dreams in the field of agriculture- allowing them to help feed the world.

Thanks Deron!

You know you have been a second parent for us all.

With all of the chaos of loading day, the FFA members move fast to organize the carts to pass out later on in the day. The excitment of the day made some extra cash for the group.

Bowling has had a long history in the past and is making a comeback. Many students have been involved in bowling throughout the year. Players work hard at practice to become better at the game. They also just don't bowl at practice but on their own time as well. Bowling lets players bowl individual or they also can bowl as a team. Players want to have a high score. Because the higher the scores the better the team score is at the end of the game.

NORTH SCOTT HIGH SCHOOL IS BASED ON THE OPPORTUNITIES THAT THE STUDENT BODY RECEIVES FROM THE COMMUNITY. THE ADMINISTRATION ENCOURAGES STUDENTS TO STAY INVOLVED AS MUCH AS POSSIBLE. HAVING SCHOOL SPONSORED EVENTS SUCH AS DANCES, HOMECOMING, ADVANCED CLASSES AND AFTER-SCHOOL ACTIVITIES IS A BIG PERK FOR THE STUDENTS HERE. MANY STUDENTS ENJOY HAVING THEIR LIVES BUSIED BY ALL OF THE ACTIVITIES, CLUBS AND OTHER SPONSORED EVENTS TO KEEP THEM IN SYNC WITH WHAT IS GOING ON AND TO MAKE THE MOST OF THEIR HIGH SCHOOL CAREER. MOST MEMBERS OF THESE ACTIVITIES ARE INVOLVED WITH MORE THAN JUST ONE, AND LIKE TO STAY ACTIVE THROUGHOUT THE YEARS. NORTH SCOTT HIGH SCHOOL WOULD BE IN-COMPLETE WITHOUT THE ACTION AND MOVEMENT OF THE ENTIRE YEAR.

Homecoming

2005 Knockout North

Homecoming week is filled with nights of school spirit derived from the community and schools in the North Scott district. To start off Homecoming week Sunday afternoon the Student Government members painted the windows of area businesses for extra school spirit. Monday kicked off the week with announcing the court members and pajama day. The aud had models for every day of the week so new students could see how it was done. Tuesday was Jersey day, where everyone wore their favorite jersey while voting for King and Queen. Wednesday was different than usual by revoting for king and queen while being dressed alike for twin day. Thursday was battle of the classes, where each class had a specific color, and later that night held the crowning of the King and Queen. Friday was rowdy as ever with Scarlet and Silver day and the pep aud with the marching band and Mr. Denner for one last chance to pump up the school before the huge game. Friday Night: Homecoming game against North 42-0. Saturday: Dance at the high school "Almost Paradise". This years homecoming was incredible- the entire community and school got together to hold yet another amazing homecoming at North Scott -Jessica Zeimet

HOMECOMING 05

Over 600 students bought homecoming tickets in advance, with more buying at the door for a few dollars extra, North Scott students danced the night away with "Almost Paradise" a huge turnout that night after an impressive victory against North Wildcats 42-0. Many members of court happily getting announced for the last time, and many seniors realizing it was the last homecoming for their high school career. Freshmen got their first glimpse of a real dance for the next four years. With a lot of mingling and having a good time, North Scott had a victorious 2005 Homecoming dance.

Andrew Meyer, Chris Wall, Kyle Charles and Ron Manthe await the time they get to start dancing together again.

Sara Krogman and Mckinsey Murphy shine on homecoming without their dates.

Bachelor Capture 2006 was "A Walk on the Wild Side". Over 400 tickets were sold at $ 9.00 apiece. With a jungle theme the photos were festive with a jungle look as well. This year, DC. was held on February 25th from 8-11 P.M. in the pit. Sadly, this was a last dance to take place in the Pit. Renovations started later second semester and Post Prom will be held at the Junior High this year. Normally for a dance, guys ask the girls and the guys pay for the majority of the evening...right? Not for DC. the girls ask the guys and pay for the night (most of the time however the boys are nice enough to pay for the photos). The entire night was a success, a great turnout and the music was excellent, the DJ did an amazing job.

Foreign Exchange Students

JUAN CARLOS ANEZ MARIN

Venezula

Juan Carlos Anez Marin is from Venezula ("the best") and was born on April 11th. He speaks Spanish and English and is the only child back home. Juan participates in cross country and soccer here at North Scott. Iowa's farms and weather are the best things about Iowa even though he doesn't like small towns. Juans favorite foods are potatoes and corn in America but his least favorite food is green beans. Mr. Hawley's Spanish class tops all for Juan and he will definetly miss the food, his host family and friends, the girls and our school when he leaves this summer. The only thing Juan will not miss is speaking English. Juan would like to add, "I am very happy to be here. I like the people, the teachers, the girls are hot no more then Venezulan girls, but they are good."

Working her abdomen, Ludo spends time in gym to workout.

ESTHER SNIP

Netherlands

Esther Snip was born on November 11th, 1988 in the Netherlands. She speaks Dutch, English, French and German. She is involved in jazz band, band, and Young Women's Leadership. School dances and pep band are Esther's favorite North Scott memory. Esthers food prefrence here in America are oreos and anything chocolate. Although many classes are offered she prefers jazz band and band as a class. Esther will miss her host mand and her friends very much, she would like to add, "My host family, the Ferry's, are the best family for me. Thank you very much for what they've done for me."

Supporting the wrestling team, Juan stands up and cheers on as the Lancers fight towards victory.

LUDOVICA GHISALBERTI

Italy

Ludovica Ghisalberti is from Italy and was born May 8th, 1988. She speaks Italian and English. She has two sisters: Alessandza (15) and Cecilia (10). She is involved in Womens Leadership and tennis here at North Scott. So far Ludos best memory is Homecoming. She loves the people and the snow here in Iowa and our french fries and peanut butter. She does hate our pasta. Iowas weather baffles Ludo and she will definetly miss school when she heads back home in the summer. However, she will not miss all of the rules here. Ludo would like to add: "This has been one of the best experiences of my life, it is helping me understand what is important. And I will miss all of my friends and especially my host family. They are awesome!!"

Hanging out in the Pit all of the foregin exchange students show their Lancer spirit.

LISA WITTEMAN

Germany

Lisa Witteman is from Germany and was born May 17th, 1989. Lisa speaks English, German, Spanish and French. She is an only child and runs track here at North Scott. Her favorite memory here so far has been the sports events and all of the school spirit. Football tops the charts as Lisa's favorite thing about Iowa ("Germany doesn't have a football team") Lisa also loves pizza from here. Eldridges' curfew confuses Lisa about America. Mr. Hawley's Spanish class is definetly her favorite subject here. She will miss her friends, her host family, the football and basketball games, track practice and "the whole school spirit thing. It was an awesome experience to come here and spend this year at North Scott."

Awaiting the newest piece of music, Marc participates in North Scott Singers.

MARC- HENRI RENARD

France

Marc -Henri Renard is from France and was born on Febuary 7th. He speaks French, English, and German. Marc has three sisters and one brother. Marc is involved in Chorus, Soccer and Drama. His favorite memories of North Scott were the Thespian Festival, the plays, 1st Football game and the choir concerts. His least favorite thing about Iowa is that everyone speaks English! Marc's food prefrences are chocolate muffins and burgers. However, his least favorite is nachos. The biggest misconception about France is that "the girls don't shave, but they do!" Art classes are Marc's favorite and he will also miss the squirrels! ("actually I will miss everything") "Americans are very tolerant, at least here at North Scott". He would also like to add "You are invited to my home for years to come, even if I don't know you, you are still welcome!"

Proudly waving their flags, Dr. Scherer gains some culture from Lisa, Esther, Ludo and Juan.

MIROSLAVA TURCINOVA

Slovakia

Miroslava Turcinova was born in Slovakia on April 3rd, 1988. She speaks Czech, French, some German, and English. She has one brother Rasto (20). Her hobbies include snowboarding, swimming, shopping, her friends and the trips she takes with them and having fun. Merika loves that Iowans are very nice people, and that we can drive at the age of 16 instead of 18. She has turned into a true American by loving the food at McDonalds and Taco Bell. However, does not like cheesecake and breakfast cereals. Her favorite subjects taken here are French, Commerical Arts, and Strength Training. She also has noticed that Americans are not as stressed or mad as Slovak people.

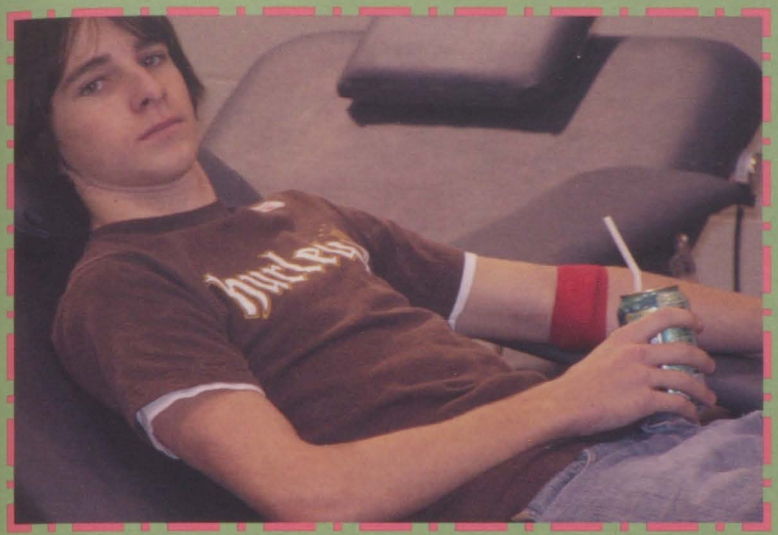
Blood Drives



As Sophomore Kyley Fentress relaxs after donating, he looks beyond the staff to see where his blood is going.

Showing peace while preparing to stick in the needle, Alex Pehler wonders why people are scared of needles.

The Blood Drive stayed strong for North Scott students in the 2005-2006 school year, with new changes to the program, and opportunities for those who wish to donate consistently.

New piercing laws and the Gallon Grad program have made an increase in donors, as students can now donate less than 12 months after a piercing in an Iowa certified facility. The Gallon Grad program recognizes those who donate 8 pints, or a gallon of blood before they graduate. Successful members of this program are recognized in front of the school, and are given a dinner in honor of their achievements.

Donating "Double Reds" has become a new option for NS students as well. Donors can give double the amount of red blood cells than they usually give, and provides a great immediate benefit to the Blood Center.

The Mississippi Valley Blood Center's Blood Drives have been going strong at NS for 15 years, and this school year was no exception. Whether you are scared of something in the process, and simply not experienced in donating blood, the MVBC provides the help to get 16 and up students to donate.

Hunger Drive

With over 32 schools participating and a goal of 1 million pounds of food, we smashed that goal by raising 1,040,15 pounds of food for the student hunger drive. North Scott raised a whopping 27488 pounds with events such as: Cow Patty Bingo, Powder Puff, Pancake Breakfast, Talent Show, Mr. North Scott, can collecting around the district, Penny Wars (Ms. Tobin's class won with over $70.00), Advisory can collecting (Mrs. Roeder's advisory won), numerous Bake Sales donations and many other great fundraising activities helped the Student Government and the students at North Scott reach a goal. Every year the student led hunger drive raises food for local families who need assistance. Over 40% of the recipients are children. North Scott alone raised over $7,000.00 making the total raised $54,976.00. When asking students what they think of the student led activity Seniors Kyle Charles replies "Yay Hunger Drive!" and Cate Watkins comments "It's a really good cause to help out those who are less fortunate." Student Government thanks all those who supported the hunger drive including students, faculty, and administration. The 4 weeks of hard work, dedication and fun times paid off.

"Back to Tradition" was the theme of the 2005 softball season. When the Lady Lancers missed out on their chance of a state birth in '04 they were ready to come out strong and bring back the tradition of an annual trip to the state tournament. With former head coach Jay Chelf taking a job in a different school district he had to pass on the head coaching job to Holly VanVlymen a former University of Iowa softball coach. This was not the first coaching change that has been in recent years. The Lancer softball program has been dealt a new head varsity coach every year for the past five seasons. "It has been really hard adjusting to having a new coach every year. But this program is very strong and we go out every year with the same goal in mind," says senior Paige Nagle. Even though the '05 season came to an end too soon and the state championship goal wasn't reached, our North Scott team had a very successful season, and they plan on bring back the State Champion type tradition in the up-coming season.

Varsity Football

Caleb Huggart and Shawn Gerard discuss the last play.

The 2005 football season started out on a good note with a come from behind 20-16 victory over Davenport Central. Kyle Eckerman had a great play by recovering a fumble in the end zone. The team then stumbled in a 33-24 loss to Bettendorf, but the Lancers rebounded the following week with a big 27-24 win over P.V. The defense was able to hold the Spartans at key times in the game. The Lancers then made a huge come-back 21-20 victory over Davenport West. The following week they knocked out North in a 42-0 blowout for Homecoming. With intense Homecoming spirit throughout the week at the school, and the fans going crazy at the game, the Lancers played phenomenally. On the downside however, Assumption's Homecoming spirit got the best of us 45-6. Traveling all the way from Burlington, the Greyhounds were sent home unsatisfied with a 49-19 loss. The Lancer offense moved the ball well in the 13-7 win over Muscatine. The Lancers played the best game of the year against Clinton to advance to the playoffs in a 27-8 victory. With improvement, the Lancers fought until the end in a 24-7 loss to Assumption in the first round of the playoffs.

Along with the school spirit comes some of the best sportsmanship that you will ever see. Do you notice that before every football game the cheerleaders shake hands with the opposite teams cheerleaders. They have never once talked bad about another team while they are on the field. They will always have a smile on their face during the games. No matter what the score is they will always cheer on the team and try to pump up the crowd. Everyone and anyone can always trust in the cheerleaders in the hope of the game.

Now with nine Seniors out of the picture, it will be interesting to see the Juniors play next year and how they will be able to react to the constant pressure of MAC basketball.

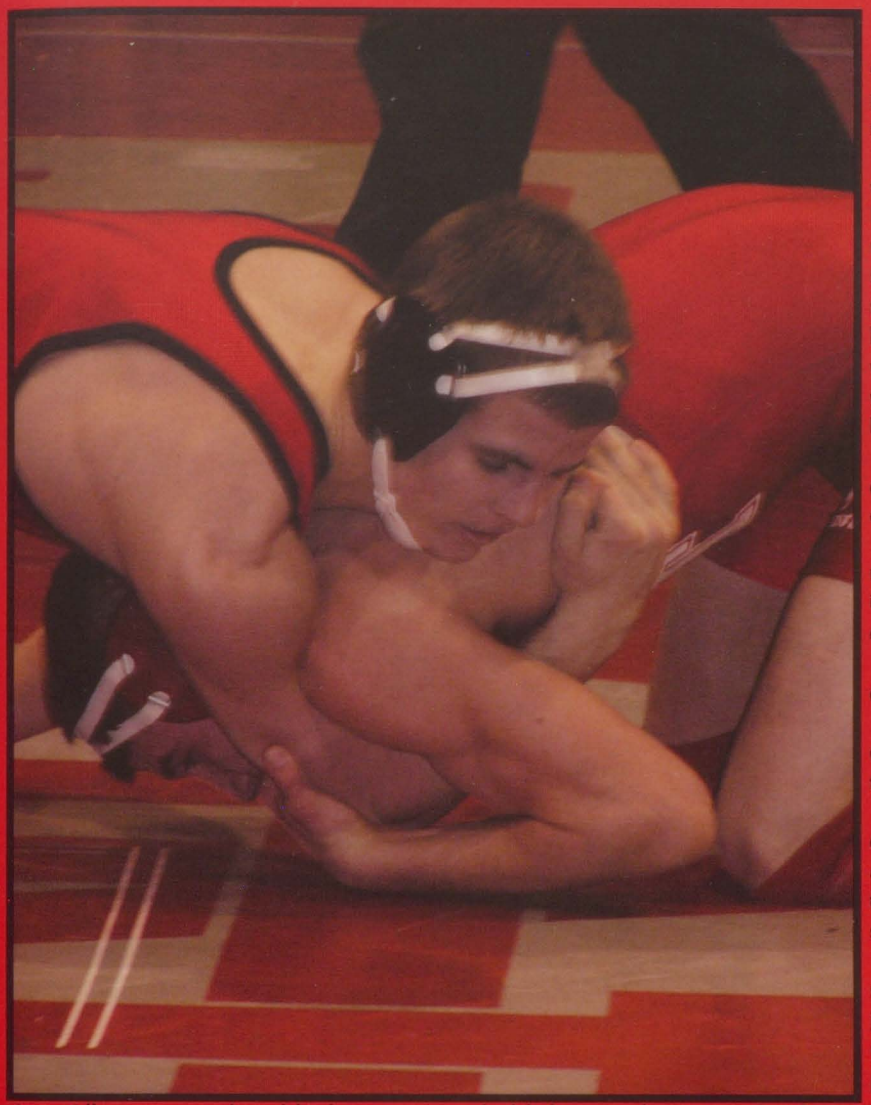
North Scott Wrestling



Stew Gillmor uses a head lock as a way to hold the weight contender from West down and later to pin his opponent.

Does a high ranking of fourth in the state for 3A high school wrestling, combined with an impressive seven individually ranked members, put a lot of pressure on the Lancers? Most would think so, especially on the weight scale, two hours before the duel at weigh-ins.

To Coach Mashek, the rankings are meaningless. "Take them for what they are worth, a challenge or even a curse." To the seven individually ranked Lancers, however, it means much more. "As a team, you are expected to maintain weight," varsity wrestler Clay Baker explains. Baker does not want to let down the team by failing to maintain weight, because there is no one to back up his weight class from JV. "Thanksgiving is bad, and it's at the beginning of the season." "There's no pressure to cut weight, ever," junior and varsity wrestler (171) Brodie Ambrose says. "It's more of a drive, you look forward to wrestle when you're part of a good team." As these two said, it's hardest for the boys to maintain their weight, nor necessarily to lose it.

As part of the North Scott policy, the boys are nor pressured into losing any weight at all. The North Scott policy contends that the wrestler can choose his own weight (within reason), which reassures Mashek.

When a wrestler does choose to cut weight, it usually happens before the meet, during the week. He will eliminate all pop, while occasionally indulging in ice cream, several wrestlers have admitted. On the day of the dreaded weigh-ins, the wrestlers will avoid the cafeteria altogether.

"Most of us meet in the locker room," Baker says. "You can't think about anything."

So what happens when the duel or tournament is over? You've guessed it, chow time. Not always the best method, but the wrestling team can justify this in a way others can't.

"It's within reason," senior Andrew Meyer says. "It is definitely not okay at any other time." "It's crossing a line when you cannot eat for a day at a time," Ambrose agrees. When Baker shared his freshman experience, he admitted to losing close to twenty pounds. "I'll never do it again. I had no energy or strength," Baker says.

With Iowa's already solid regulations on cutting weight, our program is consistent, working hard. Because of their hard work, the wrestling team can justify their rapid weight loss—just stay out of their path to food after the meets, and stay out of the locker room before the traditional chocolate milk party.

INspiration...

North Scott High 2006

This entire school year was focused on being Involved with school activities and the community. North Scott has opportunities to stay active even outside of school during summer vacation. Involvement is not just for high school students, it comes from the community as well. As you get older and graduate from North Scott, the life lessons you've learned here can be applied to every-day life: go play tennis with your friends even though you never really mastered how to swing the racket, try to get together with classmates that you knew only in school, and never hung out with them any other time. Keep being involved. Don't forget about North Scott; it is in the past, but the memories last forever.

CHOIR TRIP-

NEW YORK, NEW YORK

This year was different for the choir trip in the fact that we took a plane instead of a bus to get to New York City this year. Although it was delayed going there, and coming back, it was still really fun! In New York we saw three Broadway shows, Beauty and the Beast, Hairspray, and Drumstruck. All three were excellent.

One of my favorite parts about New York was walking around the streets and night. The lights and sounds take your breath away.

We went on many tours to different places including the Statue of Liberty and Radio City. We got to see many different theaters and we got to meet a New York City Rockette.

Each night after we were done in the city we went back to the hotel and hung out with my awesome roommates. It was a fun time to relax and bond with friends.

On Sunday, we entered a competition and North Scott Singers took silver, Women's Chorale received bronze, and the Lancer Chorus received green. We all did very well.

It was an amazing trip and a great experience for all of us. Yay New York.

Senior, Jill Noel

Stopping in during the day, Robert Polinchock, Andrew Benson, Cory Hankermeyer, Corbin Callison, Jordan Haugland, Andy Garcia, and Dan Schaub look cool as always.

Enjoying the music, Alicia Searle pays a dollar to get a photo with the Naked Cowboy.

1. Allison Anderson and Paige Arthur stand at the rally supporting our teachers like Allison's mother, Mrs. Anderson who was pink slipped.
2. Tony Morris points out the problem here at North Scott: Administration unfair.
3. Sitting it out at the rally, She supports the teachers by wearing a pink shirt and holding a poster.
4. Over 600 students left school property to charge the administration building. All of which did receive a in-school suspension which was ineffective.
5. Shortly after finding out about the seven teachers, many students started putting up posters all over the school.

"Next year if there are less teachers, there will be larger classes, and less individual attention. Our school seems to be so focused on the "no child left behind" program, yet they fail to show it."

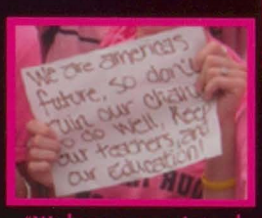
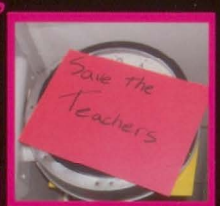
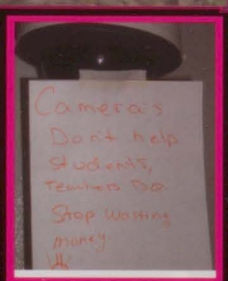
"A Teacher who makes such a Big impact on a child's Life should Always have a Job."
"I bet Dr. Dose will still get a pay increase again this year as he has every year."

WE NEED ANSWERS and the way we will get them is by going to the School Board meeting on May 8th!

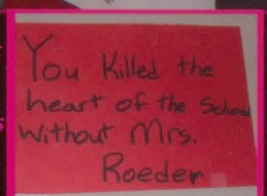




"We are getting left behind"



"but the majority of us wanted the teachers we love to stay."

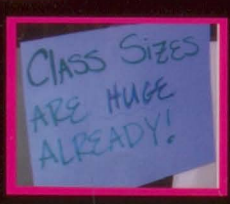


"We have the right to protest for with what we believe in."

"The "mob" was being cheered on by spectators, we knew we had a purpose and we stood for it."

"This wasn't a rally...this was a walk out."

"We have a superintendent that is 14th in the state for pay, our administrators are in the top 12 and our teachers are 85th. It seems that cuts could be made somewhere that will not effect the direct instruction of our children!"



"The teachers at North Scott are great and deserve every ounce of credit the can get. It took a lot of guts to do what these kids did and for people to bash them really have no clue.
